

MUH. REZA

FULL STACK DEVELOPER | WEB & MOBILE SOLUTIONS ENGINEER

Indonesia • +62 85256260765 • muh.reza2441@email.com • linkedin.com/in/muhreza • github.com/muhreza2004 • profile-reza.vercel.app

PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with a solid academic foundation in Informatics Engineering and proven expertise in designing, building, and deploying scalable web and mobile applications. Proficient across the modern JavaScript/TypeScript ecosystem (**React**, **Next.js**, **Node.js**, **Express.js**), relational database architecture (**PostgreSQL**, **Supabase**), NoSQL (**Firebase**), and **Flutter**. Demonstrated track record in architecting end-to-end solutions including role-based access control, complex ERP/transactional workflows, automated IoT hardware integrations, and cloud deployment on Vercel/Render. Passionate about writing clean, maintainable code aligned with industry best practices and business goals.

TECHNICAL SKILLS

Programming Languages	TypeScript, JavaScript (ES6+), SQL, Dart, HTML5, CSS3
Frontend Development	React.js, Next.js (App Router), Vite, Tailwind CSS, shadcn/ui, Responsive Web Design
Backend & APIs	Node.js, Express.js, RESTful APIs, JWT Authentication & RBAC, Business Logic Workflows
Database & ORM	PostgreSQL, Supabase, Firebase Firestore, Prisma ORM, ERD Design, Query Optimization
Cloud, DevOps & Tools	Git, GitHub, Vercel, Render, Docker, Postman, VS Code, Figma, Firebase (Auth, Storage, FCM)
Mobile & IoT	Flutter (Cross-platform), ESP8266, Sonoff Basic R2, ESPHome, Hardware-to-Cloud Integration
Core Competencies	Software Architecture, SDLC, Database Normalization, Automated PDF Invoicing, CI/CD Fundamentals

WORK EXPERIENCE

Freelance Full Stack Developer | Independent Software Contractor 2023 – Present

Tech: Next.js, React, TypeScript, Node.js, Express, PostgreSQL, Supabase, Prisma, Tailwind CSS Indonesia (Remote)

- Engineered end-to-end full stack web applications from client requirements discovery, database schema modeling, implementation, testing, to final production deployment.
- Architected robust relational database schemas and RESTful APIs, incorporating secure JWT authentication, role-based authorization, and transactional data integrity.
- Implemented core business features including dynamic data reporting, real-time inventory tracking, and automated PDF document generation.
- Managed CI/CD deployment pipelines on Vercel and Render, actively monitoring uptime and optimizing application performance.

Web Developer | PT Neo Formula Studio 2024 – 2026

Tech: React.js, JavaScript, REST APIs, Tailwind CSS, Git Makassar, Indonesia

- Developed, maintained, and enhanced responsive client-facing web applications adhering to high performance and UI/UX standards.
- Seamlessly integrated frontend interfaces with backend RESTful APIs, improving page load speed and user interaction efficiency.
- Conducted rigorous code debugging, cross-browser testing, and collaborative Git workflow reviews to maintain codebase health.

IT Intern | PT Hadji Kalla 2025

Tech: System Analysis, IT Operations Support, Technical Troubleshooting Makassar, Indonesia

- Assisted IT operations with enterprise system maintenance, user support, troubleshooting, and daily infrastructure stability.
- Collaborated with cross-functional operational teams to document workflows, gather system requirements, and propose software enhancements.

SELECTED PROJECTS

ERP Sembako Distribution System — Enterprise Logistics Platform 2024 – 2025

Next.js (App Router), TypeScript, Supabase, PostgreSQL, Prisma ORM, Tailwind CSS Production Ready

- Architected and developed a full-scale ERP web platform managing inventory, multi-tier pricing, purchasing, and sales distribution.
- Designed normalized PostgreSQL relational schemas handling complex relationships across suppliers, customers, contracts, and receivables.
- Implemented business logic automation: supplier-based SKU/product code generation, dynamic stock level tracking, and automated PDF invoice/delivery-order generation.

MentorMe — Interactive Academic Mentorship Platform		2024
<i>React.js, Vite, Express.js, Firebase (Auth, Firestore, Cloud Messaging, Storage), Flutter, Tailwind CSS</i>		Web & Mobile
• Built a cross-platform mentorship solution connecting junior university students with senior mentors for academic consultation. • Developed high-performance client web interface using React + Vite and mobile app modules using Flutter. • Constructed backend services using Node/Express.js integrated with Firebase for real-time data sync, secure file storage, and push notifications.		
Howe (Home Workers) — On-Demand Home Service Marketplace		2025
<i>Next.js, TypeScript, Supabase PostgreSQL, Prisma ORM, Tailwind CSS</i>		Web Platform
• Developed a full-stack marketplace connecting residential customers with verified professional home service providers. • Engineered database architecture covering multi-role profiles, real-time booking statuses, review systems, digital wallet balances, and voucher redemption. • Successfully transitioned data architecture from NoSQL concept to scalable Supabase PostgreSQL with strict relational integrity.		
Smart Billiard Booking & IoT Automation — Hardware-Integrated Booking System		2026
<i>Next.js, Node.js, PostgreSQL, ESP8266, Sonoff Basic R2, ESPHome, Webhooks</i>		IoT Solution
• Engineered an automated facility management system linking customer online table reservations directly to physical hardware relays. • Integrated web reservation triggers with Sonoff ESP8266 modules to automate table light power activation upon payment confirmation and shutoff at session expiration.		
EDUCATION & CERTIFICATIONS		
Universitas Muslim Indonesia (UMI) — Bachelor of Informatics Engineering		2022 – 2026
<i>Faculty of Computer Science Relevant Coursework: Software Engineering, Database Systems, Web Development, System Analysis & Design, Object-Oriented Programming, Software Architecture, Networks</i>		Makassar, Indonesia
Certifications	Microsoft Certified: Azure Data Fundamentals (DP-900) — Microsoft / Certiport (2026)	
Achievements & Grants	Wirausaha Merdeka (WMK) Awardee • Program Pembinaan Mahasiswa Wirausaha (P2MW) • KMI Expo Participant	
Languages	Indonesian (Native) • English (Professional Working Proficiency)
